

The **Spokane Aquifer Joint Board** is pleased to announce the availability of two unique and informative features of its Education and Awareness program, both designed to educate students about the Aquifer and the need to protect our sole source of drinking water.

Both Aqua Duck's performance and the Aquifer Virtual Field Trip meet many Washington State EALRs in the subject areas of Communication, Arts, Health & Fitness, and Science (see page 2).

**AQUA DUCK and his companions are ready to bring their Aquifer Protection message to you and your students in a LIVE performance!**

The performance is **FREE**, runs approximately 30 minutes, includes 3 characters and giveaways at the end. Space requirements are minimal, but should include an entrance/exit for characters' movement.

For answers to your questions, or to schedule a performance in your school, **CALL 363-1066**. We are glad to provide a script or synopsis video for your review ahead of time.

**The Aquifer Virtual Field Trip**

Save precious budget funds, travel time, and eliminate weather delays. You can take this trip in any season, and repeat it as often as you like.

**Purpose:** Increase awareness and education about our ground water source, the aquifer, and provide information about protecting this precious resource.

**Learn about**

- **the hydrologic cycle**
- **ground water aquifers**
- **the Ice Age floods & geologic results**
- **how water is used**
- **effects of urbanization**
- **and so much more!**

Encourages student exploration and self-guided learning!

**GO TO: [www.spokaneaquifer.org](http://www.spokaneaquifer.org) to start an exciting exploration today!!!**

**Washington State EALRs**  
addressed by Aqua Duck and the Aquifer Virtual Field Trip
