12/20/11	Logan	Express	72	3

- A total of **51** workshops completed
- Workshops presented in Spokane and Spokane Valley Schools

Materials Received

Each class received an educational set of water books, Groundwater: The Wonder Down Under packet, Aquifer atlas, map, and an Aqua Duck comic or activity book.

Teacher Evaluations

Ready To Learn.

KSPS Aquifer Workshop Evaluation

Please Rate the following on a scale of 1 to 5.
1 = Poor; 5= Excellent

- Workshop Topic 1 2 3 4 5
From the title of this session, did you receive information you expected to learn about?
- Workshop Flow 1 2 3 4 5
Was the information presented in an easy-to understand format?
- Workshop Materials/Handouts 1 2 3 4 5
Were the materials and handouts relevant to the topic?
- Workshop Relevance 1 2 3 4 5
Was the information presented something you will use at on a regular basis?
- Workshop Presenter 1 2 3 4 5
Was the presenter clear and easy to follow?
- Workshop Overall 1 2 3 4 5
How would you rate this workshop in general?

Additional Comments: Great classroom management and motivation w/ student understanding

KSPS Public Television, 3911 South Regal Street, Spokane, WA 99223
(509) 354-7743....(800) 735-2377.....kristenz@spokaneschools.org

KSPS and SAJB Workshop Evaluation

Please Rate the following on a scale of 1 to 5.
1 = Poor; 5= Excellent

- Workshop Topic 1 2 3 4 5
From the title of this session, did you receive information you expected to learn about?
- Workshop Flow 1 2 3 4 5
Was the information presented in an easy-to understand format?
- Workshop Materials/Handouts 1 2 3 4 5
Were the materials and handouts relevant to the topic?

Dear Kristen,

Thank you so much for coming to our class! We had a blast learning more about our Aquifer. The maps are an awesome resource for when we learn about Washington history in Social Studies. We will try and be more thoughtful about the water we use.

From
Mrs. Taylor's 4th grade class at Finch Elementary

Student Feedback

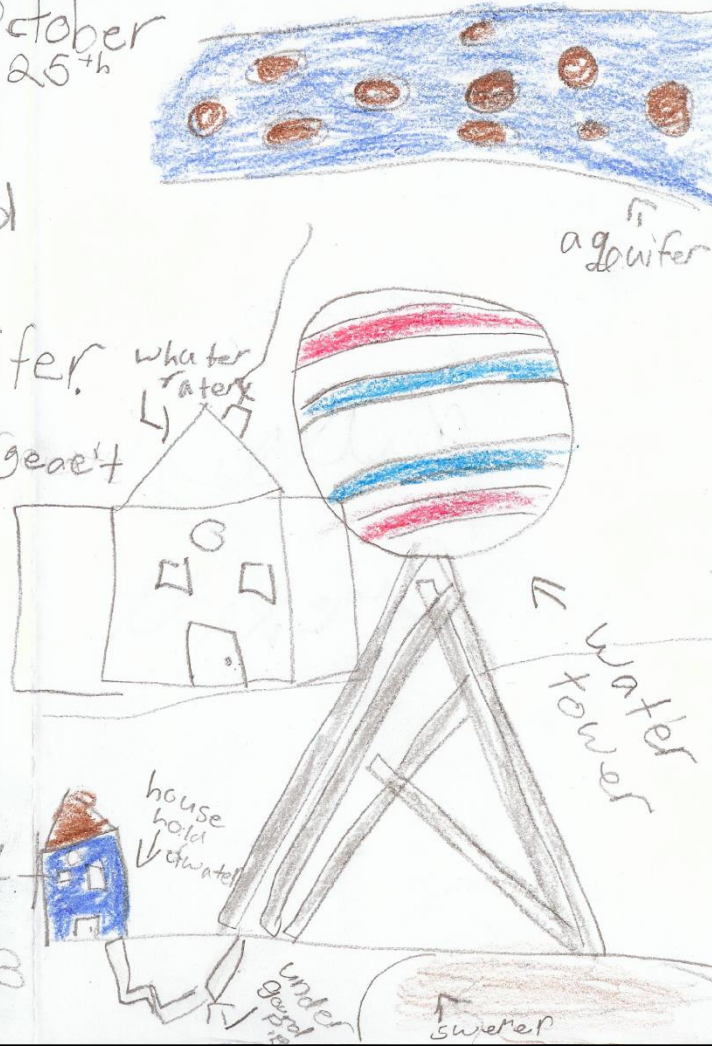

Here are some things student's have to say about their lesson on the Spokane Valley - Rathdrum Prairie Aquifer:

Dear Miss, Zimer's October 25th

Thank you so much for teaching the third grade in Mrs. Brays class about the aquifer. I really liked the project we did.

From:
Kailey
Crockett
Room 103

Dear Ms Zimmerman

Thank you for teaching us
how the aquifer works and how
we can protect it.

One thing I learned

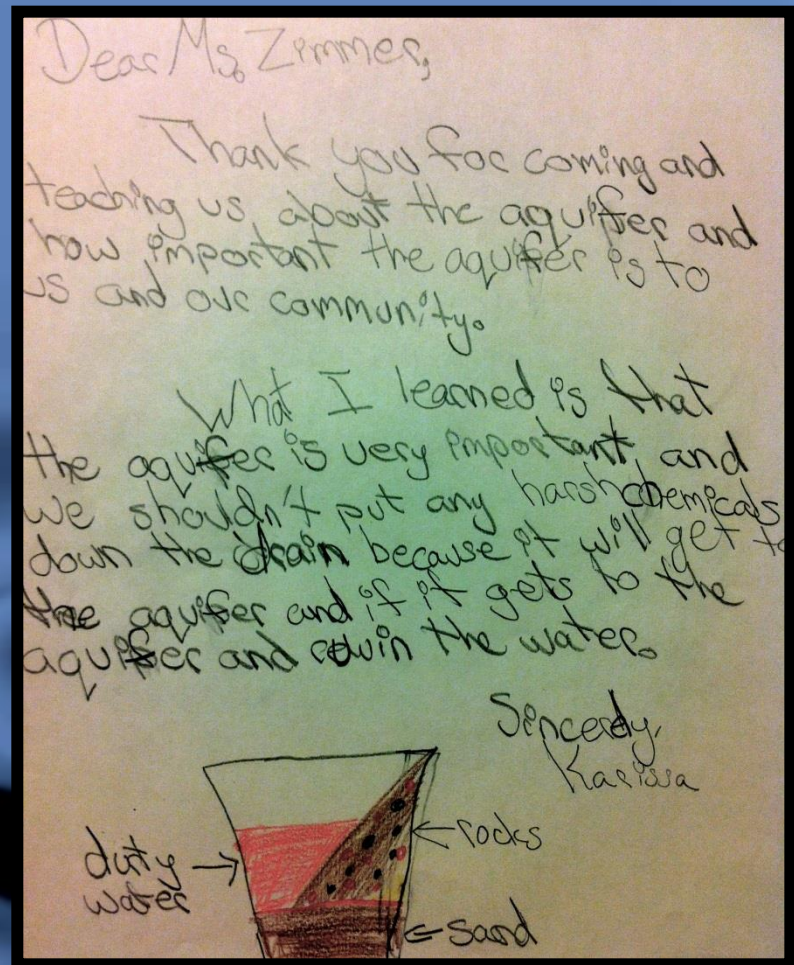

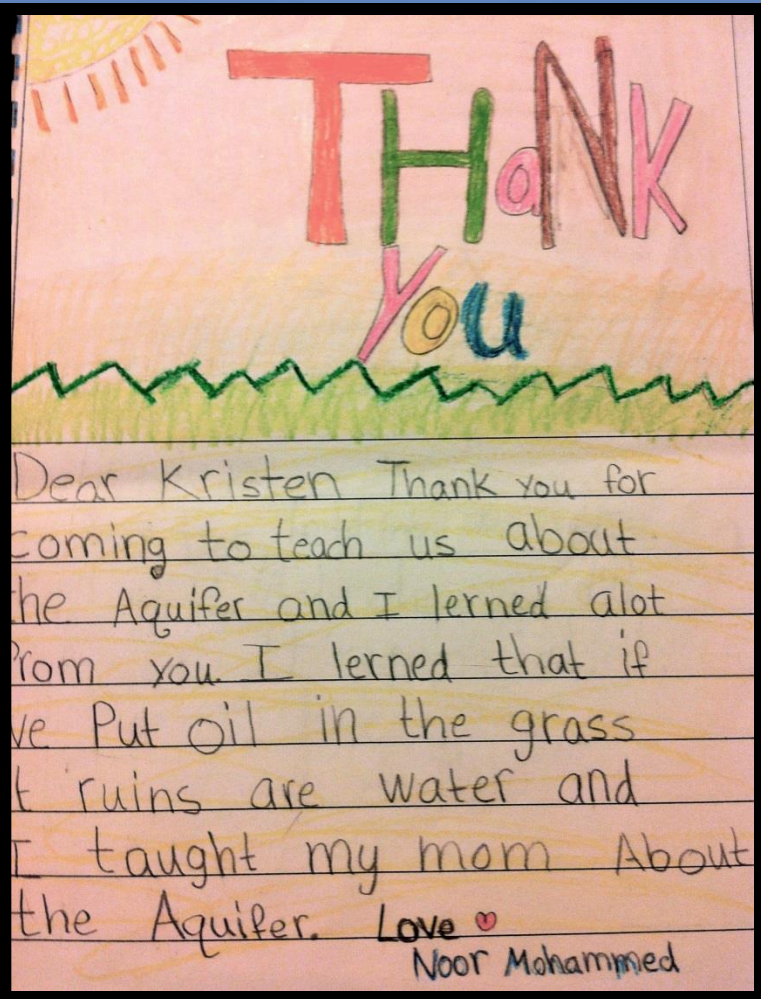

today was how water
can get to our sinks
and how we can keep
oil, gas, and all that yucky
stuff out of the
aquifer.

Sincerely, Angelica

Dear Kristin, Thank you for helping us learn about
the Aquifer. My favorite part was when you
let us use red food coloring in our aquifer. It
was very awesome. Thank you for teaching
us about how clean the aquifer is we
used it a lot. You are so cool and awesome.
Now were you telling us about the aquifer,
you made everyone think about the aquifer.

Dear Kristen, Thank you for showing
me the aquifer. My favorite thing
was making our own aquifer.
Thank you for giving me a map
and the map. I liked on the
map it showed where the
aquifer was.
Sincerely Xavier

Silverwood Math & Physics Day

Family Fun Fair & Baby Fair

Hundreds of families learned about the aquifer and Aqua Duck fans were given comic books to add to their collection.

Math & Science Night at Longfellow

Students and parents were given a mini-lesson on the Aquifer as well as educational materials supporting aquifer awareness.

Kids Day

KSPS teamed up with Aqua Duck and Clifford to provide fun craft activities to reach out to young fans.

Thank you
SAJB for
another
great
year!
